

Job description

About the Organisation:

The Organisation is a not-for-profit society, registered in 1988 by then 16 serving police officers of Delhi Police and conceived by Dr Kiran Bedi, the first Indian woman IPS, and her team of North district police, with the main objective of crime prevention through welfare policing.

Over the last 36 years, we have been working relentlessly to bring about qualitative behavioural change and impact the lives of the under-served in need in the urban slums of northwest Delhi and rural villages and peri-urban spaces of District Gurugram, Haryana. Our bottom-up approach of inclusive development and self-motivation has touched millions of lives and moved us on to sustainable development through our programs in Child Education, Women Empowerment, Skill Upgradation for Youth, Community Development, and the Environment

Job Title: Engineer – Water Projects

Type: Full-Time
