

Program Officer – Training and Implementation

About the organization:

The Organisation envisions a world where women and children do not suffer from preventable health conditions. We support the public health system deliver solutions at scale, to improve maternal and child health outcomes, by partnering with government and communities.

Reporting to: District Lead

Duty Station: One of our intervention districts in Madhya Pradesh (Currently Positions Open in Khargone, Morena & Damoh)

Responsibilities:

- Plan and implement our interventions end-to-end in an integrated manner
- Independently plan activities, trouble-shoot issues and conduct extensive field visits on daily basis to different areas of the block; Monitor the program routinely
- Continuously ideate and analyse data to improve program delivery and introduce new initiatives
- Maintain strong relationships and work closely with village/block/district government officials to ensure quality delivery and sustainability of the program
- Develop trust and bonds with frontline workers and community to ensure quality delivery and sustainability of the program
- Contribute to overall organizational needs and vision outside the field and collaborate with team members from different locations/departments

Skills and Qualifications:

- Program officers who are passionate, bubbling over with ideas, strategic in approach, hardnosed with data and enthusiastic to learn.
- We seek someone with 2-5 years of work experience in other development organizations, corporate organizations, or management consulting. This person should be adept in handling large volumes of data, managing diverse stakeholders and leading initiatives on their own.
- Will be responsible for running our program end-to-end in 1 block (covering 150-200 villages, pop: >1.5 lakhs). S/he will be the leader of their area and expected to work under the principle of 'freedom with responsibility'. We take pride in our culture, which resonates with nonhierarchical, ownership, humility, high performance and having fun.
- We look for someone who will fit in our culture, is passionate to play an important role in shaping 's future, and above all excited at the prospect of working for a larger cause and saving tens of thousands of lives.
- Excellent skills in oral and written communications
- Strategic and analytical thinking
- Ability to work well in a multi-disciplinary team environment, good team player
- Excellent Project Management skills.
- Curiosity and coachability; someone who is self-motivated, hungry to learn, and has a growth mindset
